

October 2011 DEC Connection News-at-a-Glance

Ken Olsen Tribute Day was a great success! The viewing of the PBS special, *Digital_Man/ Digital_World*, brought back wonderful memories for us all and many of us learned things about Ken that we hadn't realized. The Panel Discussion with film producer Don Boggs, Gordon College VP Dan Tymann, and Rod Sutherland was fascinating and instructive. We were very pleased that some of Ken's family members were in attendance as well. Following the Panel, we all enjoyed the social reception.

DEC Connection member Mikki Nikoloff wrote:

-- it was a beautiful film about a man that was extraordinary in his gentleness and caring. A giant that knew how to let people feel empowered to do great things and get up every morning "wanting" to go to work because you MADE a difference. We need more of that leadership and less restrictions. - thank you!

[Here is a link to the event wrap-up on our website](#), where you can see our photo galleries of the event, including the Maynard Historical Society and Gordon College display of Ken's memorabilia, and a 2-1/2 minute movie trailer of the film.

We have already been asked when the PBS Special will air on public TV. The answer is that it is still in negotiation, and we will be informed when that is determined, and of course let you all know through this newsletter.

We again thank our corporate sponsor, [Legacy Financial Advisors](#) for their support, and we thank our partners Clock Tower Place, the Town of Maynard, the Maynard Historical Society, Gordon College, and Covenant Productions for their collaboration.

- **Jackie Kahle** writes: Having spent 28 years at Digital/Compaq/HP (1975-2003) and after stints at a startup, ATG and Gartner, I am now a VP of Marketing at CA Technologies. Every single one of my jobs has been gotten through my network of DEC contacts! I'm still living in NH with actor-husband Michael Dell'Orto, daughter Sarah is in arts management in New York. I'm also the Vice-Chair of the NH State Council on the Arts. Happy to reconnect with more ex-Decies out there!

- **Marcia Russell** shared some exciting news from her pre-Digital years: Some former Itek colleagues and I are being honored this October 24 to be the guest of Goodrich Corporation in Danbury CT. My job prior to Digital was top secret; 3 months ago, the government declassified the program. We former team members are being honored for our outstanding achievements 40 plus years ago. Remember that magnificent photo of Earth rise as taken from the moon. That was the team that I belonged to at Itek Corporation. I was involved with all the Apollo missions from 1967 to 1973. We provided the optics for as all the lenses and cameras for the space ships, moon landings and satellites. [Editor: congratulate

- **Bob Alessio** writes that he is keeping busy these days being active in Music, Adventure Sports, and as Producer/Programmer of a Radio Show.
